A NOTE ABOUT HOMESTAY FEES

\$ 4500.00 (\$ 750 x 6 months)

Homestay Fees in Medicine Hat are a very affordable way to live in Canada. The school does not charge any administration fee or management fee for homestays. 100% of homestay money is given to students to manage their stay in Canada.

Cypress College expects 6 months pre- payment of homestays when initial fees are collected. We found that once in Canada, students were reluctant to ask their parents and family for the money needed to support them in their education. This can put students in crisis and cause them to miss classes. We avoid this problem by collecting the payment up front

100% of homestay funds are used to pay students for their living costs while in school. If any portion is remaining additional funds or overpayments will be returned to the student.

Pre paying homestay fees is also a great way to prove in your application that you have the appropriate funds to attend school in Canada.

A NOTE ABOUT PRIVATE DESIGNATED LEARNING INSTITUTIONS

To help students fully understand our programs, we want students to review this information with an admissions officer of the school or an education agent.

I _____ (Student Name) acknowledge that Cypress College is a private designated learning institution and is not eligible for the post graduate work permit program.

Post Graduate Work Permit is a special program in Canada. Outside of that single program Cypress College is recognized and designated as a legitimate and licenced college.

Diplomas are recognized by Alberta Advanced Education under the Private Vocational Schools Act.

Our Culinary and Cook trade designations are recognized by the Province of Alberta as equivalent to the same program taught at a public culinary school.

Cypress College is recognized by Immigration Canada as a Designated Learning Institution for International student study. **(DLI # O242536283107)**

<https://www.canada.ca/en/immigration-refugees-citizenship/services/study-canada/study-permit/prepare/designated-learning-institutions-list.html>

Canadian employers recognize Cypress College designations for their hiring and HR purposes.

Cypress College is not just an international school, currently most of students are domestic Canadian students studying at a recognized college with good programs and job prospects.

By Signing below I acknowledge my understanding of Cypress College's unique designation and program status.
